Education

Raja Balwant Singh Engineering Technical Campus

Bachelor of Science in Computer Science and Engineering

Sept. 2020 – June 2024

Agra, Uttar Pradesh

Mildredian Sacred Senior Secondary School

Intermediate

April 2018 – March 2019

Tundla, Uttar Pradesh

Mildredian Sacred Senior Secondary School

High School

April 2016 – March 2017

Tundla, Uttar Pradesh

Skills

- Linux
- Software Methodology
- Shell Scripting
- Database Management
- Docker
- Internet Technology
- Jenkins
- Computer Architecture

Experience

Realme India

Software Test Engineer (Client Side)

June 2024 – Present

Gurugram, Haryana

- Conducted end-to-end QA for Realme devices, executing manual, regression, and performance testing across OS builds.
- Used ADB, Shell scripting, and defect tracking tools to validate software, OTA updates, and device stability.
- Collaborated with cross-functional teams to streamline release cycles and ensure high-quality product delivery.
- Documented test plans, defect reports, and perform exploratory testing to meet tight deadlines..

Marquis Technologies Pvt Ltd

Test Engineer

June 2024 – Present

Noida, Uttar Pradesh

- Designed test cases and regression suites, reducing testing cycles by 30 percent.
- Performed API, functional, and UI testing with Postman, Selenium, and Jira for multiple client projects.
- Supported Agile sprints with daily QA updates, defect triaging, and automated test coverage.

LinuxWorld Informatics Pvt Ltd

Devops Intern

July 2023 – September 2023

Jaipur, Rajasthan

- Built CI/CD pipelines using Jenkins and Docker for automated deployments.
- Deployed and configured AWS services (EC2, IAM, Lambda) and Linux servers.
- Gained practical exposure to containerization, Bash scripting, and DevOps monitoring tools.

Projects

CloudNav: AWS Integration | *HTML, Javascript, CSS, Tkinter Python, Amazon Web Services*

August 2023

- Developed project incorporating a Web Server Menu and an intuitive Tkinter menu interface.
- 50+ Services such as AWS Services, Linux fundamentals, File management, Server configuration, System monitoring etc.

Video Player App - Gesture Based | *Java, Android Studio*

May 2022

- Developed a streamlined mobile application for entertainment purposes during an internship at Sparks Foundation
- integrated user feedback mechanisms that facilitated the collection of 50+ user suggestions for future enhancements.

Vehicle Detection using Python and OpenCV | *Python, VS Code*

October 2021

- Developed a real-time vehicle detection system for traffic light cameras using OpenCV algorithms to accurately identify vehicles within each video frame, contributing to improved traffic management and potentially reducing accident

Technical Skills

Languages: Python, HTML/CSS, JavaScript, SQL

Tools & Platforms: VS Code, Google Cloud Platform, Android Studio, AWS

Technologies: Linux, GitHub, Docker, Jenkins, CI/CD, API Testing

Certifications / Achievements

Oracle Cloud Infrastructure Certified DevOps Professional

Architecting with Google Compute Engine

Leadership / Extracurricular

Abhiruchi

President

May 2023 – May 2024

Raja Balwant Singh Engineering Technical Campus

- Organized 9 successful events.
- Led chapter of 30+ members to work towards goals that improve and promote community skills, academics, and unity.
